

Dear Friend,

I am writing on behalf of Restore Health Group to invite you to participate in our 2020 Brain Injury Awareness Week. Restore Health Group is a post acute healthcare organization specializing in neurobehavioral treatment and supported living services. In addition to providing the highest level of care for those with traumatic brain injuries (TBI), we as a company strive to increase awareness of TBI within the larger community.

In support of this mission, we are putting on our first Restore Health Group Brain Injury Awareness Week, March 23-28, which will built up to our third annual Stroll'N'Roll on March 28, 2020 in Lilburn City Park. All proceeds from the week will benefit The Brain Injury Association of Georgia. This non-profit organization works to support, educate, and care for those affected directly and indirectly by brain injury by providing scholarships for treatment, education, and advocacy for the brain injury community.

In order to make the most impact, we rely on the support of generous individuals and businesses in our community. Therefore, your support is critical to the success of this event! We would be most grateful if you would consider contributing to this cause.

- Gold Level Sponsors: With donations of \$1000 or more, your company logo will be included on the Stroll'N'Roll t-shirts and advertisements.
- Silver Level Sponsors: With donations between \$500 and \$999, your company logo will be included on the Stroll'N'Roll t-shirts.
- Donors: With donations between \$200 and \$499, your company logo will be included on the Stroll'N'Roll t-shirts in a smaller size.

\*All companies that donate will be invited to come to the Stroll'N'Roll and set-up a booth to advertise for their company. While sales cannot be made during the event, information can be distributed.

Please contact the event coordinator at [RenaS@RestoreHealthGroup.com](mailto:RenaS@RestoreHealthGroup.com) if you are able to support our efforts to make a difference in the community or if you have any questions. Thank you so much for your kind consideration of our request, and we hope to hear from you soon.

And don't forget to join us the last week in March, especially March 28<sup>th</sup> at 10 am for a 5k, fun run, games, a delicious meal, and more. Whether you enjoy a 1 mile stroll or a 5k run, it should be a great day!

Sincerely,

Restore Health Group Brain Injury Awareness Week Committee
